

TDM5 - How To reset to default fonts

Introduction

TDM5 offers the ability to create your own designs, this can be done using company colours and logo's. TDM5 also offers the ability to upload fonts. With these features you have the ability to create designs based on your corporate identity.

Requirements

If you want to reset to default fonts you need to meet the following requirements:

- Have access to: Designer > Fonts

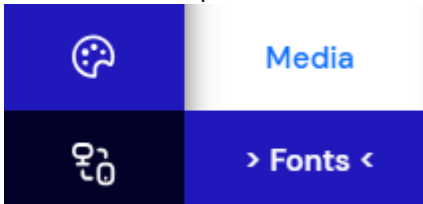

How to reset to default fonts

1. Login to your TDM5 environment.

2. Select "Designer".

3. Select the menu option called "Fonts".

4. An overview of all available fonts will be shown. Select the 'Reset default fonts' button to reset all fonts to their default setting.

5. Once you have finished this step have reset the font settings to their default.
